

**ALASKA NATIVE TRIBAL HEALTH CONSORTIUM
DIVISION OF ENVIRONMENTAL HEALTH &
ENGINEERING
SUMMER INTERNSHIP PROGRAM**

**FOR ALL CIVIL/ENVIRONMENTAL ENGINEERING STUDENTS WITH
PREFERENCE FOR ALASKA NATIVE/AMERICAN INDIAN**

Applications Due by: December 31, 2011

Selections made by: February 17, 2012

Michael Ulroan (ANSEP Intern) and Lynelle Philemonoff current ANTHC/DEHE Assistant Design Engineer and former ANSEP Intern

The Alaska Native Tribal Health Consortium (ANTHC) Division of Environmental Health & Engineering (DEHE) offers a 14 week engineering internship for Alaska Native/American Indian students. You must be of sophomore standing in the school of engineering. Travel is paid from and to your home of record to Anchorage, AK. During your 14 weeks you will work on real engineering projects while getting to travel to remote areas of Alaska. You will receive one Special Project to complete during your internship, usually involving research, decision making and a final report.
