

Metrics to track for EHR Reminders

Site Name:

| Report Name (CRS) Performance Report | Clinical | Data type |
|---|-----------------|---|
| Diabetes: Blood Pressure Control | | % w/ BPs Documented (GPRA) |
| Diabetic Retinopathy | | % w/ any Retinal screening (GPRA) |
| Adult Immunizations: Influenza | | % w/ Flu vaccine documented (GPRA) |
| Adult Immunizations: Pneumovax | | % w/ Pneumovax documented (GPRA) |
| Childhood Immunizations | | % w/ 4 3 1 3 3 combo or Dx/Contraind/Refusal (GPRA) % w/ 4 3 1 3 3 combo or Dx/Contraind/Ref |
| Cancer Screening: Pap Smear Rates | | % w/ Pap Smear recorded w/in 3 years (GPRA) |
| Cancer Screening: Mammogram Rates | | % w/ Mammogram recorded w/in 2 years (GPRA) |
| Colorectal Cancer Screening | | % w/ CRC screening |
| Tobacco Use and Exposure Assessment | | % w/ Tobacco Screening (GPRA) |
| Alcohol Screening (FAS Prevention) | | % w/ any alcohol screening (GPRA) |
| Intimate Partner (Domestic) Violence Screening | | % w/ IPV/DV screening or refusal |
| Depression/Anxiety Screening | | % w/ Depression screening or DX |
| Obesity Assessment | | % w/ BMI calculated (GPRA) |
| Nutrition and Exercise Education for At Risk Patients | | % w/ medical nutrition counseling |

| | |
|---|---|
| | # w/ medical nutrition counseling |
| Controlling High Blood Pressure | % w/ BPs Documented |
| Medications Education | % receiving medication education |
| Health Status of Diabetic Patients | Diagnosis date not recorded |
| (Automated Diabetes Audit) | BMI could not be calculated |
| | BP category undetermined |
| | Tobacco use not documented |
| | Yearly Foot Exam - Neuro and Vasc |
| | Yearly Eye Exam - Dilated |
| | Yearly Dental Exam |
| | Diabetes-Related Yearly Diet Instruction |
| | Diabetes-Related Yearly Exercise Instruction |
| | Diabetes-Related Yearly Other Diabetes Education |
| | Diabetes-Related Yearly Any of the above topics |
| | Flu Vaccine - yearly |
| | Pneumovax - once |
| | Tetanus/Diphtheria (q 10 years) |
| | EKG ever performed |
| | Self monitoring of blood glucose documented - Yes |
| | Self monitoring of blood glucose documented - No |
| | Depression on Problem List or as POVs - Yes |
| | Depression on Problem List or as POVs - No |
| | Depression Screening - Yes |
| | Depression Screening - No |

| Type of records queried | Number of records reviewed | Result 1: (pre-EHR) Baseline | Result 2: 3 months after Go-Live | Result 3: 6 months after Go-Live | Result 4: 9 months after Go-Live |
|--|-----------------------------------|-------------------------------------|---|---|---|
| User pop w/ DM DX prior to report period | | | | | |
| User pop w/ DM DX prior to report period | | | | | |
| Active Clinical Patients ages 50 or older | | | | | |
| Active Clinical Patients ages 65 or older (GPRA) | | | | | |
| Active Clinical Pts 19-35 months (GPRA) | | | | | |
| User Pop Pts 19-35 months | | | | | |
| Female Active Clinical 21-64 years | | | | | |
| Female Active Clinical 52-64 (GPRA) | | | | | |
| Active Clinical Patients => 52 | | | | | |
| Active Clinical Pts => 5 (GPRA) | | | | | |
| Female Active Clinical ages 15-44 (GPRA) | | | | | |
| Female Active Clinical ages 13 and older | | | | | |
| Active Clinical Pts => 40 | | | | | |
| Active Clinical Pts ages 2-74 (GPRA) | | | | | |
| Overweight Active Clinical patients => 6 | | | | | |

**Result 5:
12 months after
Go-Live**
