

Connecting to Virtual Patient Room (VPR) from an iPad

Note: Shared Cerner access is required for Steps 1 and 3.

1. In **PowerChart**, open patient's Virtual Patient Room.

- Click on "Start Virtual Visit", and launch the Zoom meeting.

Start Virtual Visit

2. On **iPad**, open the *VPR application.

**If no VPR icon is present, contact local IT.*

- Enter the VPR code (found on patient's Virtual Patient Room page in Cerner or obtained from ANMC clinic).
- Follow the prompts and click "Join call".

3. Back **on computer**,

- Admit iPad to Zoom meeting.
- Click on "Participants"
- Find the iPad in the participant list, select "More" and then "Make Host".
- If desired, end Zoom call on computer.
