Discussion: Fall Storms

How is your community getting prepared for fall storms?

Gina: an example that I have for my hometown during the wildfires, we had weekly zooms with the Clinic PA to give updates of when those at risk should be sent out of the village.

Chuathbaluk
Facebook
announcements

Sunny:
meetings
once a month
for emergency
prepardness.

How as environmental coordinators/community leaders can you engage your community to be prepared for fall storms?

Facebook posts of
weather warnings &
forward the email
from NOAA

Desi: social media
posts of weather
warnings and
forwarding the
NOAA email
advisories.

Anna- Calling their
cellphone numbers
if residents don't
have facebooks

We are doing a
newsletter to inform
people about this
info. We are doing
outreach to
community
members about
these topics as well.

Anna: Social media
announcements

Nikita:
community
newsletter

We are
communications via
email updates and
helping elders by
phone call or in
person visits.

Discussion: Fall Storms

What type of surveillance has your community used to document the community/environment before and after storms?

Desi- We have data collected from erosion monitoring that help us see the effects of the storms & erosion

i take pictures of the before and after to see what we need

Community camera projects, clean-up, LEO, baseline monitoring, shoreline erosion project????
